

Wall luminaires

Light output on two sides

Wall luminaires with up and down light output, ideal for highlighting columns or other architectural features. This family of luminaires with partially frosted crystal glass creates beautiful accents on the wall surface and adds sparkle to the space.
Provided with electronic driver.

Hand-blown, partially frosted crystal glass
Reflector made of pure anodized aluminum · Die-cast aluminum housing

Select the desired finish by using appropriate code number as suffix

- White Code number **.1**
- Stainless steel Code number **.2**

LED color temperatures: 2700 K, 3000 K, 3500 K, 4000 K

BEGA can supply you with suitable LED replacement modules for up to 20 years after the purchase of LED luminaires – see page 186. Further LED technical data including luminous flux, CRI, service life, and dimming and electrical characteristics are provided on the individual luminaire specification sheets, available at www.bega-us.com.

NRTL listed to North American Standards, interior use only
Refer to page 185 for more information

Crystal glass creates brilliant patterns on the wall
