ACCENTA VARIO
Semi-recessed downlights
Adjustable light distribution

ACCENTA is a series of decorative LED recessed downlights, designed for a diverse range of applications. The VARIO is an adjustable accent light designed to add interest or highlight objects in interior spaces. Four trim ring material finishes are available, allowing for perfect coordination with architectural details. Designed with a very small aperture, this family is ideal for both new and retrofit construction.
Provided with electronic driver in ceiling box or optional ceiling pan.
Refer to the luminaire installation instructions for required minimum ceiling clearance.

Crystal glass diffuser, partially frosted with screw neck
Reflector made of pure anodized aluminum · Die-cast aluminum housing

Select the desired trim ring finish by using appropriate code number as suffix
- White Code number **.1**
- Stainless steel Code number **.2**
- Polished stainless steel Code number **.3**
- Brass Code number **.4**

LED color temperatures: 2700 K, 3000 K, 3500 K, 4000 K

BEGA can supply you with suitable LED replacement modules for up to 20 years after the purchase of LED luminaires – see page 186. Further LED technical data including luminous flux, CRI, service life, and dimming and electrical characteristics are provided on the individual luminaire specification sheets, available at www.bega-us.com.

NRTL listed to North American Standards, interior use only
Refer to page 185 for more information
